LONDON — Cypress Grove Wins Gold and Silver 2004 World Cheese Awards

What a wonderful year it's been for Cypress Grove Chevre. Not only did we celebrate our 20th anniversary with a new creamery, but in September two of our cheeses took top honors at the World Cheese Awards. The contest attracted 1500 entries from around the world, including 226 from the U.S.

Humboldt Fog™ our signature cheese, won Gold and **Mt. McKinley**, our aged shepherd's style cheese, captured Silver — more medals than any other domestic goat cheese maker.

Now winning awards is nice, but winning the appreciation of cheese lovers is what matters most. Let us win you over. When only the best will do, choose Cypress Grove and taste the world's best.
